

## **Brett Hulbert, DO, MPH**

Family Practice

Board Certified by American Board of Family Medicine

Prior to arriving in the high desert, Dr. Hulbert had extensive education and work experience in Northern California, Washington State, and Alaska. After college graduation and before medical school, he received a Master of Public Health. Most recently, Dr. Hulbert completed his Residency at UC-Davis Family Medicine Network in Redding, CA.

He looks forward to creating a therapeutic alliance with his patients in Yucca Valley where he wants to help them achieve their health goals and improve their quality of life.

“Don’t smoke, maintain a normal Body Mass Index and try to read or learn something new each day, while being useful and showing appreciation” is what Dr. Brett Hulbert thinks is the best way to lead a healthier life. As a golfer, swimmer, and hiker who enjoys watching Giants baseball when not spending time with his wife, daughter, and the family pets, he seems to follow his own advice.

### **EDUCATION**
